# Our Story

JS Photo Video is a 2nd generation family business, we have seen quite a lot in all those years and continue to build upon new trends in the wedding industry. We have the knowledge and experience to help you plan and execute your big day. From setting up timelines prior to the wedding, to pinning on boutonniere's the morning of, we are there to make sure everything runs smooth.

Our success comes from our ability to build a relationship with YOU, our client. From our intial meeting to learn about your plans & interests, to heading out for the engagement session, we are building a raport and friendship that helps us best capture your wedding. When you can look at us more as a friend and guest and less like a "stranger with a camera" the results will be beautiful, natural photographs and video.

We book a limited number of events on a single day in order to ensure we can focus our attentoin where it needs to be; on you and your loved ones. We are fully insured and have plenty of backup equipment so no moment is ever missed.

Whether you are planning an intimate backyard wedding with close family and friends or a large wedding celebration we can't wait to capture it. We'd love to setup a time for you to come and meet with us at our dedicated office where we can discuss your day in detail.

Call or email today to setup your no obligation appointment.

# Photography Services

At JS Photo Video we take pride in providing **true all day coverage** of your wedding day. Unlike many other studios we do not limit you by hours, we also do not leave the reception before it is over. By taking the time to discuss your day, wants, and vision we formulate a timeline that is both efficient and removes the stress of a possible time crunch. We begin our coverage as hair and makeup are finishing and are with you for the remainder of the day at all of your locations.

Our approach to the day will include a mixture of traditional posed formal photographs as well as a candid approach which provides a well rounded final product which will continue to bring smiles to your face for years to come. We also welcome any ideas that you may have for photographs; whether it is something you have seen online or a photograph you'd like to replicate from your parent's wedding.

After the wedding you will enjoy **full color 4x6 prints** of **EVERY** photograph we captured at your wedding. We also provide you with a **USB drive** of all of your digital content with copyright release. From your engagement session to the files for your

At JS Photo Video you'll enjoy the convenience of no limitation wedding day coverage, a carefree engagement session to get acquainted with your photographer, personalized service, physical 4x6 prints as well as high resolution files to memorialize your wedding day for the rest of your life. A multitude of additional products can be added on as you wish.

**Capture your once in a lifetime day starting at \$1999.99**

A second photographer can help to add another layer of variety into your wedding photographs. From the addition of groom prep photos to a second set of eyes on your dance floor another body will help the main photographer focus on certain aspects of the day with out missing a thing.

**Add a Second Photographer at \$500**

Albums are available in two different styles; **Fine Art Albums** which utilize a clean solid colored page and a geometric layout of images; as well as **Contemporary Albums** which feature different background and border effects in order to enhance the visual pop of your wedding photographs. When it comes to your parents keep it simple, add on our parent replica books and they'll receive the same beautiful album you do just in a smaller format. We offer a multitude of cover options to finish off your album perfectly.

**Add an album starting at \$750**

Save The Dates & Thank You's are usually not something you are thinking about when meeting with a photographer initially **BUT** by adding them onto your package you won't need to worry about thinking about them again.

**Add Cards starting at \$150**

We can create a work of art for your new home from any of your photographs. We offer a large variety of unique and custom wall hanging print options. From floating metal prints to gallery wrapped canvases your wedding memories can live on for years.

## Video Services

At JS Photo Video we take pride in providing **true all day coverage** of your wedding day when it comes to video. We do not believe in altering the story of your wedding day; instead we aim to creatively retell your wedding day story. We begin our coverage as hair and makeup are finishing and are with you for the remainder of the day at all of your locations, that means until the **end of the reception**.

Your final video should flow between creative storytelling and journalistic style coverage. This will ensure all aspects of your wedding day are captured for years of watching in the future. You'll be able to enjoy your video in a variety of formats that work best for you (Blu-Ray, DVD, Digital File) all of which will include a full feature cut which ranges from an hour and a half, to two hours; not forcing you to miss parts of your ceremony or important key moments of your reception. Creative sections include your prep and formals sessions which are cut along to music and feature all of the candid moments from your day.

When you simply want to relive your wedding day in only a few minutes you'll enjoy the trailer and highlight which are part of every video we produce. Your trailer will be just enough to peak the interest of family and friend while the highlight will recap your entire day featuring live audio from your vows, toasts, and other moments. Want to share your highlight with family and friends after the wedding? No problem, we'll host it online giving you easy instant access to it.
