serving the south jersey,
philadelphia, and dc areas

welcome

Hello! My name is Sierra Stanczyk and I am the photographer and owner of Snapshots by Sierra, LLC. I was born and raised in Marlton, New Jersey, and have many fond memories exploring South Jersey, the Shore, and Philadelphia. The lush greenery, extensive forests and farmland, historic towns and main streets, and eclectic collection of beaches, boutiques, wineries, and restaurants provide ideal venues for the most beautiful weddings. I love photographing couples in this area during all seasons because of the abundance of natural light and beautiful backdrops. I look forward to capturing your special moments in this scenic area so that you may enjoy stunning images for years to come.
